WORK EXPERIENCE

Tech Lead
July 2023 – Present

Pranshtech Solutions, Ahmedabad, India

- Leading a team of 7–10 developers across web app projects (React, Node.js, PHP), ensuring on-time delivery.
- Successfully delivered 5 projects as Tech Lead; mentored developers on architecture, code review, and best practices.
- Collaborated async with stakeholders via Jira/Slack to define roadmaps, sprint plans, and release schedules.

Project Manager
November 2017 – June 2023

Global India Technologies, Ahmedabad, India

Stack: React, React Native, Solidity, Web3, PHP, WordPress, Laravel, Node.js, AngularJS

- Led full-stack development across React, React Native, Solidity/Web3, Laravel, and Node.js platforms.
- Implemented Keep Alive systems for insurance companies; migrated data using SQL and PHP.
- Architected and delivered solutions on ReactJS, MongoDB, AWS, and LAMP stack.
- Authored High Level Design and Detail Level Design documents from business requirements.
- Managed bug resolution pipeline for external and end-user reported issues.

Sr. PHP Developer
August 2016 – October 2017

Siddhi Infosoft, Ahmedabad, India

Stack: WordPress, Joomla, AngularJS, Core PHP

- Handled back-end PHP development and front-end JavaScript/Ajax/jQuery functionality.
- Built mobile RESTful APIs using YII/PHP with Angular.js; worked with JSON/REST data.
- Designed database schemas and provided client documentation and support.

PHP Developer
August 2013 – July 2016

Global India Technologies, Ahmedabad, India

Stack: PHP, JavaScript, jQuery, WordPress, Joomla

- Developed rich UIs using HTML/CSS/JavaScript; implemented Ajax and PHP Web Sockets.
- Integrated CMS platforms (WordPress, Joomla); built jQuery plugins, menus and dialog boxes.
- Implemented session/cookie management and created form validation logic.

Database Administrator (DBA)
December 2011 – June 2013

Rural Shores Technologies, Gandhinagar, India

- Designed, updated, and tested databases; monitored efficiency and maintained data integrity.
- Created complex queries for data extraction; trained colleagues on data input/export.

EDUCATION

Diploma in Computer Science & IT 2007 – 2011

Government Polytechnic, Gandhinagar, India
